# SELWYN HOUSE 1995-96 ANNUAL GIVING

STUDENT FEES AND GOVERNMENT GRANTS COVER THE YEARLY OPERATING COSTS OF RUNNING SELWYN HOUSE SCHOOL. THEREFORE, THE GROWTH OF THE SCHOOL THROUGH PROGRAMMES SUCH AS SCHOLARSHIPS AND FINANCIAL AID, PROFESSIONAL DEVELOPMENT AND FUTURE TECHNOLOGICAL IMPROVEMENTS IS DEPENDENT UPON OTHER SOURCES OF INCOME SUCH AS ANNUAL GIVING AND INVESTMENT INCOME.

## TECHNOLOGY

### \$82,000 WAS SPENT ON FIVE AREAS OF TECHNOLOGICAL IMPROVEMENT

In order to create a climate that encourages inquiry, it is important that both the student and the teacher have immediate access to multiple sources of information as well as access to the technologies that will help them to manage this information. This summer, Selwyn House spent over \$82,000 on five areas of technological improvement. The impact on our programmes has been considerable.

Selwyn House is now one of the estimated 40 million users of the Internet. A new high speed network connects 22 computers in the LC and Power PC labs as well as 2 computers in the Library to the Internet. This connection permits students and staff to access all the resources of the Internet.

Our aim is to prepare Selwyn House students for this new world of communication and information. We want to give students the confidence in their skills and abilities to be able to meet the high expectations of today's technologically advanced world.

The Internet is creating a new kind of society, and those who do not learn how to use this immensely useful tool will be handicapped in shaping it. Selwyn House wants to ensure that its students will be active creators of this new society, and it feels a responsibility to equip its graduates fully so that they can contribute positively to their world.

Annual Giving 95-96 starts November 15, 1995  
*With your help...*  
**ANYTHING *is* POSSIBLE**

## PROFESSIONAL DEVELOPMENT

The quality of the education received by our students depends directly upon the continued professional development of our staff.

Currently, Selwyn House allocates over \$30,000 a year towards professional development. About half of this money is actually controlled and disbursed by a Professional Development Committee which is chaired by a faculty member. The faculty is

encouraged to pursue educational goals either by taking graduate and post-graduate degrees or by attending seminars and workshops held throughout North America.

This commitment to professional development reinforces the faculty's strong belief in lifelong learning, which is, by example, subsequently imparted to the students.

**54% OF THE STAFF HAVE  
OR ARE WORKING ON  
ADVANCED DEGREES**

## FINANCIAL AID & SCHOLARSHIPS

The demand for financial aid increases an average of 15% every year! By the year 2000, demands may exceed \$300,000.

ONE OF OUR GOALS AT SELWYN HOUSE IS THAT FINANCIAL CONCERNS NOT SHUT THE DOOR TO ANY STUDENT WHO HAS THE DRIVE AND AMBITION TO BECOME A LIFELONG LEARNER.

This year, the school has allocated over \$150,000 towards the financial aid and scholarship programmes. We feel that it is important to plan and search for the funds that will allow Selwyn House to continue to accept students who are keen and have the desire to learn and not let financial concerns prevent them from experiencing a Selwyn House education.

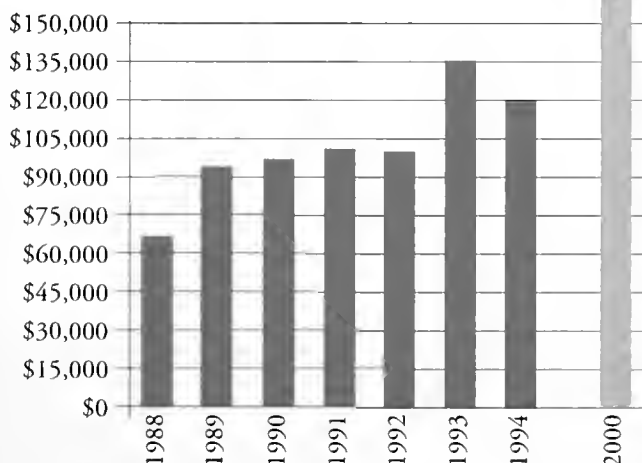

The National Association for Independent Schools (NAIS) has issued statistics that show American schools, much like Selwyn House, planning the financial aid and scholarship budget for 8% to 10% of the annual budget. If we were to apply this formula, we would have to budget at least \$424,000 for this year. We realize that this formula is not a practical one for the moment; however, as the demand increases each year, we will have to work harder to increase the funds available.

## WITH THE RIGHT ATTITUDE...ANYTHING IS POSSIBLE

SELWYN HOUSE SCHOOL FOSTERS ACADEMIC EXCELLENCE THROUGH AN ENRICHED CURRICULUM, THE DEVELOPMENT OF CRITICAL AND CREATIVE THINKING, AND THE ABILITY TO COMMUNICATE IDEAS WELL. IT IS IMPORTANT TO US TO CREATE A CLIMATE TO ENCOURAGE INQUIRY AND TO BUILD CONFIDENCE IN EACH STUDENT'S SKILLS AND ABILITY TO MEET WITH HIGH EXPECTATIONS.

### Annual Giving

#### *The Past, Present, and Future*

Last year, the school spent \$262,000 providing scholarships and financial aid, enhancing the school's technology and supporting professional development. Annual Giving 1994-1995 raised \$120,000. It is our goal over the next three years to increase participation and encourage donors to consider thoughtfully their donation so that we can raise the Annual Giving fund to at least \$250,000 each year.

We are asking every member of the Selwyn House community to help us achieve our goal by participating in this year's Annual Giving Campaign. For those constituents who have never participated before, we invite you to join us and become a part of the Selwyn House experience. For those constituents who have given to Annual Giving before, we invite you to once again help Selwyn House School continue to provide students with an education of exceptional depth and scope that will prepare them for the third millennium.

There are 28  
sports teams  
at Selwyn House.  
It costs \$45,000  
to transport  
the teams  
to their various  
games.
